

NEW!

DESCRIPTION :

Add a Zest of pleasure to your life!

Zestra® is the first and only treatment approved by Health Canada for female sexual arousal and interest disorder.

The decline of the sexual interest, arousal or desire can appear during:

- **Hormonal changes** (peri/post menopause, post-partum)
- **Use of certain medications** (e.g. antidepressants, psychotropic drugs, contraceptives)
- **Illnesses** (diabetes, multiple sclerosis, depression)

Zestra® in an oil that is applied on the vulva 5 to 10 minutes before sexual activity. The effects have an approximate duration of 45 minutes.

The efficacy and safety of this product have been proven in 2 clinical studies.^{1,2} In these studies, Zestra has demonstrated to increase desire, interest and sexual satisfaction.

Doctors in women's health recommend Zestra.

AVAILABLE FORMAT:

3 sachets x 0.8 ml
